HAIR CARE

COPALIM HAIR SERUM

Copalim Hair serum contains Kopexil, Pisum Sativum Peptide & Propanediol a fortifying hair growth active for hair care formulation Clinically proven to be effective Strengthens hair from root to tip Promotes hair thickness Ceases hair loss Accelerates hair growth Reinforces hair anchoring. KOPEXIL increases the volume of hair in the growth stage by working on the deep structure of the roots. It rejuvenates the hair roots so that healthy hair growth can persist. The perifollicular fibrosis is a condition in which collagen around the roots becomes rigid, tightens, and pushes the hair out; KOPEXIL helps in softening of the collagen. Pisum Sativum Peptide & Propanediol is the unique natural ingredient to activate hair follicle dermal papilla cell (HFDPC) under the scalp. Stem cell booster can promote hair growth by stimulatory effects on follicle stem cell growth, migration, and differentiation.

Directions For Use :

Use COPALIM Hair Serum on a daily basis for the first two weeks by spraying in each section of dry or shampooed, towel-dried hair. Massage with fingertips gently into the scalp working section of hair until the serum completely covers the scalp. Do not rinse out. Style as usual.

ACTIVE CONTENT

Rose Water	10 %	D-Panthenol	0.2 %

REJUVENATING 12% LOTION

AHATON-12 LOTION

AHATON 12 is hydrophilic emollient Cream contains Glycolic Acid 12%. Glycolic acid is part of the group of active compounds known as AHA's (alpha hydroxy acids). Derived from cane sugar. It has the smallest molecules in the group so is able to penetrate skin deeply and easily, making it the most effective for treating fine lines, acne, blackheads, dullness, oiliness etc. It reacts with the top layer of skin, breaking it down by dissolving sebum and other substances that bind cells together. Dead skin cells are sloughed off revealing smoother, brighter, younger looking skin.

Directions For Use :

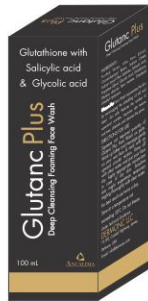

Ahaton 12% is applied with fingertips in a circular motion on the skin. Simple massage the Lotion till absorbed. Prevent from direct Sunlight.

ACTIVE CONTENT

Glycolic Acid	12 %	Allantoin	0.1 %
Vitamin E Acetate	0.2 %	Lactic Acid	0.5 %

PRESENTATION : 100 ml

FOAMING FACE WASH

GLUTANC Plus FOAMING FACE WASH

Enriched with Sodium PCA & Oat Protein, Ancalima Shower Gel helps you energize your mind and spirit in a blissful shower. Refresh your senses with the revitalizing scent of nature, while the silky fresh gel with pampering oil pearls lathers into caring, soft foam for the unique sensation of fresh, well-cared for skin.

Directions For Use :

Wet your skin and your washcloth or pouf thoroughly in the shower or bath. Squeeze 1 to 2 teaspoons or a quarter size dollop of gel onto your washcloth or bath pouf. A pouf or washcloth will help lather and spread the gel more efficiently than your hands alone, which means you can use less product. Use circular motions to scrub the gel all over your body, but avoid your eyes, mouth and hair. Squeeze another teaspoon of gel onto your cloth or pouf if you run out of suds. Rinse thoroughly to remove any gel residue. Pat skin dry with a towel and continue your skin care routine as usual.

ACTIVE CONTENT

Glutathione	0.5 %	Sodium Lauryl Ether Sulphate	5 %
Ethylenediamine Tetra Acetate	0.1 %	Glycolic Acid	1 %
Salicylic Acid	2 %	Aloe Vera Extract	5 %

SOAP

ACNOFA SOAP

Acnofa Soap gives a soft and fresh feeling and controls unwanted sebum. It contains salicylic acid & Tea tree oil that help in rooting out acne. It helps open up closed pores, fights against acne-causing bacteria and does not cause excessive dryness. Salicylic acid soap provides keratolytic, antifungal, and antiseptic action. Salicylic acid alone is mildly anti-pruritic, bacteriostatic and keratolytic. This effect is due to the lowering of pH at the surface of the skin, improving the hydration of the keratin layer.

Directions : To be used as expert's advice.

ACTIVE CONTENT

Salicylic Acid	3 %	Tea Tree Oil	0.05 %
Vitamin E Acetate	0.1 %	Zinc Oxide	1 %
